The Three-Year MD (3YMD) program at the Wayne State University School of Medicine (WSUSOM) offers a limited number of students the opportunity to complete their medical degree in three years. Students accepted into the 3YMD program receive conditional acceptance into a WSUSOM sponsored or administered residency upon graduation from the 3YMD program. Students enrolled in the 3YMD program will complete all of the requirements for graduation from medical school as set forth by the Liaison Committee on Medical Education and will receive extensive mentorship from their chosen residency program while in the 3YMD program.

Three-Year M.D. Curriculum

Segment 1 - Phase 1, Part 1 - Pre-Clerkship

Code	Title	Credits
Courses include:		
MD1 5001	Human Body Foundations I	10
