PREMEDICAL STUDIES (GRADUATE CERTIFICATE)

The curriculum for the Graduate Certificate in Premedical Studies is designed for individuals who wish to improve their educational background and training in order to prepare themselves for admission to a medical doctor program. This program is a didactic, human biology-oriented curriculum involving courses with content from several Basic Science Departments and Programs, each one representing a unique discipline of the Wayne State University School of Medicine.

Admission to the Graduate Certificate in Premedical Studies is contingent upon admission to the Graduate School (https://bulletins.wayne.edu/graduate/general-information/admission/).

The Graduate Certificate in Premedical Studies requires a minimum of 12 credits. All course work must be completed in accordance with the regulations of the Graduate School (https://bulletins.wayne.edu/graduate/general-information/academic-regulations/) and the School of Medicine (https://bulletins.wayne.edu/graduate/school-medicine/programs/) governing graduate scholarship and degrees.

Code	Title	Credits
PSL 5200	Embryology: Premedical Studies	2
PSL 5250	Biochemistry: Premedical Studies	2
PSL 5300	Physiology: Premedical Studies	2
PSL 5400	Histology: Premedical Studies	2
PSL 5450	Gross Anatomy: Premedical Studies	2
PSL 7350	Psychosocial Perspectives of Health Care: Premedical Studies	2
Total Credits		**12**
