Building upon the cultural diversity and urban experience that distinguishes Wayne State University, the English Department’s mission is to provide its students with the intellectual knowledge and practical tools to thrive in an increasingly diverse and interconnected world, by teaching them to understand the power and influence of literature and other forms of textual and media production, circulation, and interpretation; and by imparting skill and fluency in close reading, critical thinking, rhetorical analysis, and writing in multiple genres. The English major curriculum is designed to introduce students to these skills and to provide a challenging and flexible liberal arts education as well as a pre-professional program for students interested in careers in education, law, business, and other professions.

ENG 2435 Introduction to Digital Humanities Cr. 3
Digital humanities scholarship has exploded over the last ten years. Early DH scholarship represented a niche in humanities fields like English and History, dominated by unique individuals who had both technical programming skills and experience in humanities research. Since its early days, the field of digital humanities has expanded significantly. New tools and platforms make DH research more accessible. Today, DH scholars work in a highly collaborative, interdisciplinary environment that place programmers and developers, information science specialists, and humanities scholars in active conversation. In this course, students will be introduced to these different elements – tools, methods, theories, and critical analysis – of the digital humanities in order to learn new ways to interpret artistic or cultural objects or ideas, social relationships, and historical processes.
