

# ENTREPRENEURSHIP AND INNOVATION MINOR

The minor in Entrepreneurship and Innovation was designed by the Mike Ilitch School of Business to provide students with specialized knowledge and skills to develop and launch startup ventures or social impact ventures. The Minor is open to all majors and offers a track for business school students, and non-business school students.

For a minor in Entrepreneurship and Innovation, each student must complete 15 credits. There will be a track for business school students and a different track for non-business school students.

## Business School Student Track

Business school students must take three required courses, and two electives from the options below. All prerequisites for each class must be completed. Courses used to fulfill the Minor in Entrepreneurship & Innovation cannot be classes that are required for your major. Each student must complete 15 credits.
