

GLOBAL SUPPLY CHAIN MANAGEMENT (B.A.)

The Global Supply Chain Management major focuses on management of the flow of goods and information from the source of components and materials through the channels of distribution to the final customer, and beyond, to recycling and disposal. In today's highly competitive environment, the management of purchasing, operations, quality, transportation, inventory, scheduling, and information flows are ever more critical to an organization's ability to satisfy customers and create a competitive advantage. Whether sourcing from non-domestic suppliers, outsourcing business functions, or attempting to market goods and services to consumers in other areas of the world, today's business leaders need a detailed understanding of all the challenges and opportunities arising from a supply chain that is fundamentally global.

Admission Requirements

Students who meet the University requirements for regular admission are eligible for admission to the Mike Ilitch School of Business.

Degree Requirements

Candidates for the bachelor's degree must complete 120 credits including satisfaction of the degree requirements (<http://bulletins.wayne.edu/undergraduate/general-information/bachelors-degree-requirements/>). All course work must be completed in accordance with the academic rules of the University (<http://bulletins.wayne.edu/undergraduate/general-information/>) and those of the Mike Ilitch School of Business (<http://bulletins.wayne.edu/undergraduate/school-business/academic-regulations/>).
