Graduates who want to immediately pursue advanced studies. The
supply chain management in the automotive industry, as well as new
with a bachelor's degree who want to progress in the dynamic field of
Supply Chain Management is designed for working professionals
or shift their careers. The Executive Master of Science in Automotive
graduates and working professionals with a bachelor's degree in
the College of Engineering and the Mike Ilitch School of Business.
The Master of Science in Finance (M.S.F.) is designed for both recent
the specialized knowledge and skills to develop and launch startup
ventures. The 15-credit certificate is open to students of all majors. The
post-bachelor Certificate in Accounting enables students who already
hold a bachelor's degree in business or accounting to obtain the required
educational background to be licensed as a Certified Public Accountant
(CPA) in Michigan.

The undergraduate program begins during the freshman year. Freshmen
are admitted directly to the Mike Ilitch School of Business. The first two
years of undergraduate work are focused on developing an educational
foundation in the basic sciences and arts. During the third and fourth
years, the student follows a program of professional education.

The Undergraduate Certificate in Entrepreneurship and Innovation was
designed by the Mike Ilitch School of Business to provide students with
the specialized knowledge and skills to develop and launch startup
ventures. The 15-credit certificate is open to students of all majors. The
Post-bachelor Certificate in Accounting enables students who already
hold a bachelor’s degree in business or accounting to obtain the required
educational background to be licensed as a Certified Public Accountant
(CPA) in Michigan.

The graduate program leading to the Master of Business Administration
(M.B.A.) degree is dedicated to educating graduate students for
professional careers in business. The Master of Science in Accounting
(M.S.A.) program prepares individuals for professional careers in
public accounting. The Master of Science in Data Science and Business
Analytics (MSDSBA) is a novel interdisciplinary degree program that
leverages the strengths of Wayne State in statistics, operations research,
computing and business by combining the world-class expertise of
the College of Engineering and the Mike Ilitch School of Business.

The Mike Ilitch School of Business also recognizes its obligation to
community service. As a central part of an urban university, the School
makes a special commitment to foster training, and basic and applied
research that will benefit business enterprises. Of primary importance is
the dedication to excellence in the instructional programs that prepare
the business leadership that is critical to the continuing revitalization of
southeastern Michigan.

Mission Statement
Our mission is to prepare our students for challenging and rewarding
careers, advance the boundaries of scholarly and practitioner knowledge,
and enhance the economic vitality of the city of Detroit, the state of
Michigan and beyond through our programs, research and community
engagement.

Aspiration and Vision
The Wayne State University Mike Ilitch School of Business aspires to
establish itself as one of the leading business schools in the nation as
noted in published national rankings (e.g., Business Week, U.S News
and World Report, etc.), that reflect favorable student evaluations
and recruiter perceptions of both the undergraduate and M.B.A.
programs, and the scholarly achievements of the faculty. The School
strives to achieve a positive reputation for contributions to knowledge
development, for the role it plays in the economic prosperity of the region,
and for becoming a school of choice – one which prospective students
see as providing a pathway to academic and professional achievement.
