

# SOCIAL WORK (B.S.W. PROGRAM)

The Bachelor of Social Work (B.S.W.) degree program prepares students for entry-level generalist social work practice during the junior and senior years of undergraduate matriculation. The B.S.W. curriculum is comprised of approximately two-thirds professional social work undergraduate core courses and one-third co-requisite and elective courses. The Field Practicum is an integral part of the B.S.W. curriculum and requires students to apply their coursework to community-based settings within a supervised learning environment.

The B.S.W. program features full-time or extended part-time study. Instruction is classroom based (traditional), hybrid (a combination of classroom and online instruction), and a fully online cohort instruction (WOW! Program (<https://socialwork.wayne.edu/bsw/online>)). Regardless of whether students are in the face to face program or the online program, all students must participate in the field practicum which requires their physical presence at the community-based setting for 16 hours per week (two full days) during the senior year. Students can be admitted to the B.S.W. program during any term. However, the formal professional curriculum begins in the Fall semester.

## Admissions Process Direct Admit for Freshmen

Students in this category are admitted through the Office of Undergraduate Admissions (<http://bulletins.wayne.edu/undergraduate/general-information/admission>) and complete general education/pre-professional courses offered through the Wayne State University College of Liberal Arts and Sciences.

Prior to beginning the professional curriculum that commences in the Fall semester of the junior year, students majoring in social work must meet the following criteria.

- Grade point average of 2.5 or above.
- Submit an admissions portfolio that consists of:
  - Personal Interest Statement to the School of Social Work.
  - Educational resume
  - Documentation of completion of required community service hours.

Students must also attend a required advising session to learn about the professional and ethical requirements of the major and discuss fitness for the profession. Completion of SW 1010 may be sufficient to meet these requirements.

Additional details on the process and due dates can be found on the School of Social Work (<https://socialwork.wayne.edu/bsw/requirements>) website.

## Transfer Admissions

Students in this category are admitted through the Office of Undergraduate Admissions (<http://bulletins.wayne.edu/undergraduate/general-information/admission>). Applications for admission to the B.S.W. program may be submitted after the student has completed a minimum of twenty-four semester credits in undergraduate course work or its equivalent at the freshman and sophomore levels. Applicants must have earned a minimum overall grade point average of 2.5. Applicants must have completed specified social work pre-professional courses, submit the admissions portfolio (personal interest statement, educational

resume, and documentation of community service hours), and attend a required advising session.

Completed applications are given careful review in order to admit students who show evidence of suitability and fitness for the profession of social work and the ability to successfully complete their undergraduate professional education in social work.

**All B.S.W. programs start in the fall semester.**

Main campus, Full-time  
Main campus, Part-time  
University Center Macomb  
Where Online Works! (WOW!)  
Schoolcraft Center Hybrid Program

**Application Deadline: April 1**

All applicants are encouraged to submit applications as soon as possible as admissions will close once program capacity has been reached. Applications may be submitted beginning in the Fall term prior to the student's anticipated start of the first term of the program.

All students admitted to a B.S.W. program must attend the mandatory orientation prior to beginning the professional curriculum in the fall semester.

Admission to a B.S.W. program is conditional until all application requirements are completed. The student must present a transcript verifying completion of sixty semester credits, grade point average, and completed pre-professional coursework and admissions portfolio. The letter of admission does not constitute a contract; admission may be withdrawn if a student fails to meet program requirements.

**Transfer of Undergraduate Credit:** No more than sixty-four (64) semester credits from two-year colleges may be applied toward the B.S.W. degree, with the exception of colleges that have articulation agreements with Wayne State University and the School of Social Work. A maximum of twelve (12) Technical, Vocational, or Applied Practice credits (designated 'TVA') in the human service areas (for example, mental health, child care, gerontology, empathy training, human services and substance abuse) will count toward the degree. Any such transfer credits will be counted as general elective credit. Social work courses from programs not accredited by the Council on Social Work Education (CSWE) also will be transferred as 'TVA' general elective credit.

## Readmission

Students who have been enrolled in a planned program leading to the Bachelor of Social Work degree, who have withdrawn from the program, and who wish to be considered for readmission to complete degree requirements, must follow regular procedures for admission to the School, including the submission of an updated admissions portfolio. Generally, the B.S.W. curriculum requires that students complete two continuous terms of field practicum when actively enrolled in the program. Readmitted students who previously completed only one term of field work in the senior year will be required to repeat this term, and may be required to enroll concurrently in a course or courses in social work practice methods or a Directed Study in social work.

Students requesting readmission may be required to obtain assessments of their physical or mental health from health or mental health professionals approved by the School. The School of Social Work reserves the right to refuse to readmit a student to the social work program if the physical or mental health status of the student indicates such action is warranted in order to safeguard clients, agencies, the student, other students, or the School.

## Pre-professional Requirements

To qualify for admission to the Bachelor of Social Work program in the School of Social Work, sixty semester credits (or its equivalent) must have been completed at the freshman and sophomore levels of undergraduate study. The required credits must be distributed according to one of the curricular patterns cited below. Many pre-social work courses also help satisfy the University General Education Requirements. These courses are indicated by parenthetical two-letter prefixes to their titles. Students may also select elective curriculum credits at the freshman and sophomore levels of undergraduate study from professional schools such as the Mike Ilitch School of Business, the College of Education, the College of Nursing, and the School of Social Work.

**Social Sciences:** The following distribution of courses is required.

1. (DEI) Introduction to Social Work and Social Welfare: 3 credits
2. (GL) History: 3-4 credits
3. (CIV) American Government: 3-4 credits
4. (SI) Introductory Sociology: 6-8 credits

**Natural Sciences:** The following distribution of courses is required, including a laboratory course in one of areas designated below.

1. (NSI) Biology: 3-4 credits
2. (NSI) Introductory Psychology: 6-8 credits
3. (NSI) One course (3-4 credits) to be selected from the following: Anthropology, Physics, Chemistry, Geology, Astronomy.

**Humanities:** The following distribution of courses is required.

1. (CI) Philosophy/Letters: 3 credits
2. (CI) Humanities: 3 credits

**English:** The following distribution of courses is required.

1. (BC) Freshman Composition: 4 credits
2. (IC) English Elective (2000 level or above): 3 credits

**(OC) Communications:** 2-3 credits

**(QE) Quantitative Experience:** 3 credits

**(DEI) Diversity, Equity and Inclusion:** 3-4 credits

**(WE) Wayne Experience:** 3 credits

**Electives:** Recommended: Select electives from General Education Requirements in Global Learning (GL), Social Inquiry (SI) and Diversity, Equity and Inclusion (DEI). Electives should be selected in conjunction with the School's Academic Services Officer.

## B.S.W. Degree Requirements

The Bachelor of Social Work degree requires satisfactory completion of a minimum of one hundred twenty (120) credits. The sixty (60) credits in the freshman and sophomore years include prerequisite courses for admission to the professional component of the program, sixty (60) credits in the junior and senior years, and forty-nine (49) credits in field work and field-related courses. Electives are available to complete the required one hundred and twenty credits for graduation.

**Grade Point Average:** To be awarded a Bachelor of Social Work degree, the student must achieve a cumulative grade point average of 2.0, and a grade point average of 2.0 during the junior and senior years. A minimum of thirty credits must be earned in residence in the School of Social Work,

and the student must be in residence during the final semester prior to graduation.

**Student Professional Conduct Requirements:** Any breach of the values and ethics of the social work profession articulated in the Professional Code of Ethics as established by the National Association of Social Workers (NASW) (1996; 2017) may result in termination from the B.S.W. program. Student violations of the Wayne State University Student Code of Conduct will be forwarded to the University Student Conduct Officer for review and disposition. Students who apply with past, current and/or pending legal charges of record may be eligible and admitted to the B.S.W. program; however, an interview with Director of the Office of Admissions and Student Services and the Director of Field Education is required during the admissions process to review the circumstances and disposition of such legal charges. Legal charges of record may have implications for Field Agency Placement and Social Work Licensure. An agency placement is a non-negotiable requirement for Field Education to complete the B.S.W. Program. Social Work Licensure is required for B.S.W. graduates to identify and practice as Social Workers.

## Curricula

The undergraduate social work curriculum is structured to provide the knowledge, values and skills essential for entry-level generalist social work practice. It is comprised of five curricular areas: 1) human behavior and the social environment, 2) research, 3) social work, 4) practice, 5) social welfare policy and services, and field education. The professional component of the curriculum is built upon a liberal arts foundation in the social and behavioral sciences, the humanities, English, mathematics, and the natural sciences.

Students enrolled in field education are placed in a wide variety of social service agencies and work directly with individuals, families, groups, organizations and communities. Emphasis is placed in providing social work services in urban areas with the poor and oppressed, persons of color, and other at-risk populations that represent many ethnic, racial and cultural groups. The field experience is designed to integrate the classroom curricula with the practical realities of social work practice. Field work builds the skill and knowledge base of the student, and stresses both amelioration and prevention of personal, interpersonal and social problems, as well as improvement of the human condition.

All students are required to file an educational Plan of Work with the School of Social Work Academic Services Officer and to update this plan on a regular basis.

**Online Program:** The B.S.W. degree is also offered as a fully online program of study during the junior and senior year, with the exception of the field placement, which must be completed at the physical site of the organization to which the student is assigned. Online curriculum requirements are identical to the traditional B.S.W. classroom "on campus" program option, and may require students to work in teams or conduct research in the community as part of their course requirements.

Students interested in matriculating in the online program must have access to an updated computer system and related software necessary for successful completion of all courses, and must also be able to manage their time and schedules to accommodate the demands of an online program and the field placement. Curriculum requirements are listed below.

The admissions process is the same as the traditional program with the exception that the program utilizes the cohort model structure. Once enrolled, students may NOT register for any B.S.W. courses offered in a campus classroom setting. Interested students should visit the School website (<http://www.socialwork.wayne.edu>) for additional information.

## Social Work Honors Program

Social Work students of high achievement are eligible to participate in the School of Social Work Honors Program, available through the University Honors College and the School of Social Work. Honors Option credits are achieved by completing enhanced assignments in connection with specified social work courses during the junior and senior years. All Social Work Honors Option course work and the final Honors Thesis are to be completed within the required social work curriculum, under the approval and supervision of a social work instructor. All Honors Options and the final thesis will include work beyond normal course requirements, to be agreed upon between the student and instructor.

Students interested in applying to the Social Work Honors Program must present a cumulative grade point average of 3.50 or better, submit an application to the BSW Coordinator, and develop an academic plan of work with the School of Social Work Academic Services Officer. Honors Option forms are available through the Honors College website. The Honors Option form must be signed by the instructor and the BSW Coordinator and must be returned to the Honors College before the published deadline each semester, usually within the first 2-3 weeks of the start of the semester.

It is the student's responsibility to make sure that the Honors Option instructor reviews and grades the completed work and that the grade is submitted properly to the Honors College. Students are required to complete a minimum of twelve credits under the Honors Option (9 credits of enhanced coursework, and 3 credits of honors thesis) and maintain a cumulative grade point average of at least 3.50. Additional information is available from the BSW Coordinator.
